6th World Congress on Infectious Diseases & Antibiotics - 2025

“GLOBAL IMPACT ON THE CONTROL, TREATMENT AND ELIMINATION OF INFECTIOUS DISEASES”

Chairman Message

Dr. LT GEN D. RAGHUNATH
Chairman

6th World Congress On Infectious
Diseases & Antibiotics-2025

Dear Friends and Colleagues,

It is my great pleasure to see you in the 6th World Congress on Infectious Diseases and Antibiotics 2025, 12th October, 2025 at J. N. Tata Auditorium, Indian Institute of Science, Bengaluru, Karnataka, India.

Infections, whether bacterial, viral, protozoal or fungal, have always been a source of patient suffering and a burden on society from health, financial and psychosocial perspectives. Antibiotics are fighting bacteria and rescuing lives since the 1940s. However, some bacterial strains have now become resistant to antibiotics, and they have gained strength and swapped tide for their benefit. Resistance to antibiotics and the growth of resistant strains brought into question modern medicine. Current research is trying to find solutions for the infectious diseases by defining preventive measures, developing diagnostics, and more effective therapy for existing infections. There are also some new challenges in the field of infectious diseases like population migration, they have a significant impact on the spread of infectious diseases. I'm glad to encourage different medical experts related to infectious diseases to come up, ask questions, discuss and make new collaborations. The participants, besides updating and discussing new trends in the management of infectious diseases, have a unique opportunity to create international research networks

Convenor Message

Dr. V.P. Rao
Convenor

6th World Congress On Infectious
Diseases & Antibiotics-2025

Dear Friends and Colleagues,

Invites all the participants from all over the world to attend "6th World Congress on Infectious Diseases and Antibiotics 2025, 12th October, 2025 at J. N. Tata Auditorium, Indian Institute of Science, Bengaluru, Karnataka, India which includes prompt keynote presentations, special sessions, workshops, symposiums, oral talks, poster presentations and exhibitions.

"Infectious Diseases are disorders caused by life forms, for example, microscopic organisms, infections, growths or parasites. Irresistible ailments might be of water borne, sustenance borne, vector borne, air borne in individuals and also in plants and creatures. Infectious Diseases essentially accentuate on the pathogenesis of the microscopic organisms and their remedial measures, mix of branches of microbiology particularly clinical and demonstrative microbiology which manages the fix and counteractive action of the Infectious ailments. It speaks to an increasingly important reason for human dismallness and mortality all through the world. Antibody improvement is in this way of extraordinary significance as far as worldwide wellbeing".

BIOGENESIS HEALTH CLUSTER CONFERENCES HIGHLIGHTS:

TOP TOURIST PLACES IN KARNATAKA:

About Us:

After the grand success of WORLD CONGRESS ON INFECTIOUS DISEASES & ANTIBIOTICS- 2018" held on 28th and 29th November 2018 and II World Congress On Infectious Diseases And Antibiotics- 2020 held on 16th and 17th April 2020. BioGenesis Health Cluster is pleased to announce 6th WORLD CONGRESS ON INFECTIOUS DISEASES & ANTIBIOTICS- 2025 to be held on 12th October 2025 at J.N.TATA Auditorium, Indian Institute of Science, Bengaluru, Karnataka, India. This Year the theme of the conference is "GLOBAL IMPACT ON THE CONTROL, TREATMENT AND ELIMINATION OF INFECTIOUS DISEASES"

Infectious diseases are disorders caused by organisms — such as bacteria, viruses, fungi or parasites. Many organisms live in and on our bodies. They're normally harmless or even helpful, but under certain conditions, some organisms may cause disease. Some infectious diseases can be passed from person to person. Some are transmitted by bites from insects or animals. And others are acquired by ingesting contaminated food or water or being exposed to organisms in the environment. Signs and symptoms vary depending on the organism causing the infection, but often include fever and fatigue. Mild infections may respond to rest and home remedies, while some life-threatening infections may require hospitalization. Many infectious diseases, such as measles and chickenpox, can be prevented by vaccines. Frequent and thorough hand-washing also helps protect you from most infectious diseases. Antibiotics are medicines used to treat infections or diseases caused by bacteria. Antibiotics are used for a range of infections caused by bacteria, including urinary tract infections, skin infections and infected wounds. Antibiotics which affect a wide range of bacteria are called broad spectrum antibiotics (e.g. amoxicillin and gentamicin) and antibiotics that affect only a few types of bacteria are called narrow spectrum antibiotics (e.g. penicillin). Antibiotics mode of action is by blocking vital processes in bacteria, killing the bacteria, or stopping them from multiplying. This helps the body's natural immune system to fight the bacterial infection.

This conference lays a platform for all the researchers working in the field of Infectious Diseases and Antibiotics to know the latest developments and the current situation of the Antibiotic resistance problem.

Call for Abstract:

All investigators are invited to submit abstracts on topics pertaining to conference topics mentioned on the website. Authors are invited to submit abstract(s) using the submission form on this page. Abstracts should contain sufficient detail on the techniques used and the results, which will be shown. You will receive a confirmation when the abstract has been received. Please contact the conference secretariat if you did not receive confirmation within 5 working days. Submission implies the intent of at least one author to register, attend the symposium and present the paper (either 12+3 minutes orally or in poster format).

Contributions will only be finally accepted after registration and payment of the conference fee. The abstract will be reviewed, and you will be notified of acceptance.

Important Dates: Early bird Registration Deadline : Visit website

Abstract Submission Deadline : Visit website

To Submit Abstract Visit : <http://www.infectiousdiseasescongress.com/call-for-abstracts/>

If you find any difficulty send your abstract to info@infectiousdiseasescongress.com

Focus of The Conference

6th World Congress on Infectious Diseases & Antibiotics - 2025 is planned to hold symposiums on the following issues:

- Epidemiological surveillance of infectious and parasitic diseases
- Fundamental research in the field of epidemiology and infectious pathology
- Demographic and socio-economic assessment of infectious diseases. Morbidity and mortality from infectious diseases
- New in the study of pathogens and pathogenesis of infectious diseases
- Actual issues of infectious diseases of children and adults
- New and returning infections
- Diagnosis of infectious diseases: laboratory, clinical, epidemiological
- Infectious diseases and comorbidity. Combined infections
- Antiviral and antibacterial therapy
- Diseases related to the provision of medical care. Incidence of infectious diseases of medical personnel
- Intensive therapy and reanimation of infectious diseases
- Prevention of infectious diseases
- The role of public organizations and the media in the fight against infectious diseases
- Innovations in the teaching of epidemiology and infectious diseases in higher education
- Resistance phenotypes and surveillance.
- Evolution of E.coli in deep stationary phase via regulatory mutations.
- Evolution of Intrinsic antibiotic resistance in enteric bacteria
- Antibacterial Tolerance in Bacterial Population
- Alternative approaches to tackle drug resistant strains
- Development of rational drug combination targeting oxidative phosphorylation in Mycobacterium tuberculosis
- Translational medical research

Call for Young Scientist Award:

BioGenesis Health Cluster publicizes an outline of Awards for Young Scientists in order to help excellence in various fields of Infectious Diseases. These Awards are known as "Professor Satoshi Omura Young Scientist Awards". The award is open to those researchers involved in graduate education and research happenings that accentuate bearable progress.

Why to Attend

6th World Congress on Infectious Diseases & Antibiotics - 2025 With members from around the world focused on learning about global trends on emerging Infectious Diseases and Antibiotics advances in therapeutic and diagnostic market, this is your best opportunity to reach the largest assemblage of participants from the Infectious diseases community. This particular conference conduct presentations, distributes information, conducts meetings with current and potential scientists, make a splash with new drug developments, and receive name recognition at First Virtual Conference. World renowned speakers, the most recent therapeutic and diagnostic techniques, developments, and the Novel technologies and therapeutic measures for infectious diseases prevention and control are hallmarks of this conference.

6th World Congress on Infectious Diseases and Antibiotics 2025

PROGRAMME AT GLANCE

TRACKS:

- Infectious Diseases
- Veterinary Infectious Diseases
- Paediatric Infectious Diseases
- Infection & Immune System
- HIV/Zika/Ebola & other Viruses
- Infectious Diseases Epidemiology
- Vaccine & Vaccination
- Infectious/ Plant Disease Modelling
- Molecular Bacteriology Infection
- Problems in Infectious Disease Practice
- Infection Prevention & Control Guidelines
- Blood Infectious Diseases
- Neurological Infectious Disease
- Preventing & Controlling Viral Hepatitis
- Acute Rheumatic Fever
- Rheumatic Heart Disease
- Diseases of Reproductive Organs
- Sexually Transmitted Diseases
- Communicable/Non-Communicable Diseases
- Diagnosis, Management & Treatment of Infectious Diseases
- Hepatitis A & Hepatitis B
- Discovery of Antibiotics
- Antibiotic Therapy
- Production in Antibiotics

TRACKS AND KEY TOPICS

04:00:00 PM - 04:30:00 PM	TEA/COFFEE (NETWORKING)
04:30:00 PM - 06:00:00 PM	Neurological Infectious Disease Preventing & Controlling Viral Hepatitis Diseases of Reproductive Organs SESSION DISCUSSION
POSTER SESSION (EXIBITION AREA) ORAL SESSION (HALL-B)	
04:30:00 PM - 06:00:00 PM	SESSIONS
END OF THE DAY	

ADVISORY BOARD & FACULTY

Prof. Jorge Kalil,

Professor of Clinical Immunology and Allergy,
International Union of Immunological
Societies, Brazil.

Dr. B.R. Das,

President,
Molecular Pathology Association of India (MPAI),
Mumbai, Maharashtra.

Dr Ann Marie Kimball,

Senior Consulting Fellow,
Chatham House Royal Institute of Foreign Affairs,
London.

Dr Vishwa Mohan Katoch,

NASI-ICMR Chair on Public Health Research,
Rajasthan University of Health Sciences,
Jaipur, Rajasthan.

Dr. Chinta Raveendar, MD,

Assistant Director, Scientist – for
Regional Research Institute for Homeopathy,
Andhra Pradesh.

Dr. Manoj V. Murhekar, MBBS, MD,

Director & Scientist G,
National Institute of Epidemiology, ICMR,
Chennai, Tamilnadu.

Dr. Shanta Dutta,

Director & Scientist G, ICMR-National
Institute of Cholera & Enteric Diseases,
Kolkata, West Bengal.

Prof. Sandhya S. Visweswariah,

Chair, Department of Molecular Reproduction,
Development and Genetics, Indian
Institute of Science, Bangalore, Karnataka.

Dr. Arunaloake Chakrabarti, MD,

President,
International Society for Human and Animal Mycology,
Head, Department of Medical Microbiology, Chandigarh.

Prof. Debí P. Sarkar, Ph.D,

Professor & Head,
Department of Biochemistry,
University of Delhi South Campus, New Delhi.

Dr. Moinak Banerjee Ph.D,

Human Molecular Genetics Laboratory,
Rajiv Gandhi Centre for Biotechnology,
Thiruvananthapuram, Kerala.

Dr. Digambar Behera, FAMS,

Senior Professor & Head, Dept. of Pulmonary Medicine,
(WHO Collaborating Centre for Research), Postgraduate
Institute of Medical Education & Research, Chandigarh.

Dr. Kurien Thomas

Professor and Head, Department of Medicine,
Pondicherry Institute of Medical Sciences,
Pondicherry.

Prof. Sudhir Krishna,

National Centre for Biological Sciences,
Cellular Organization and Signalling Lab,
Bangalore, Karnataka.

Prof. RM. Pitchappan,

Professor Immunology (Rtd),
Madurai Kamaraj University,
Tamil Nadu.

Dr. Subhash Todi, MD, MRCP,

Director,
Chairman, Indian Society of Critical Care Medicine,
Critical Care AMRI Hospitals, Kolkata.

Dr A V Srinivasan,

President, Indian Academy of Neurology,
Emeritus Prof. – The Tamil Nadu Dr. M.G.R.
Medical University, Tamil Nadu.

Prof. Ranjan Agrawal, MD, FICPath,

Professor, Department of Pathology,
Rohilkhand Medical College and Hospital,
Uttar Pradesh.

Dr Pallab Ray, MD, Dip NB,

Professor,
Department of Medical Microbiology,
Chandigarh.

Dr. Radhakrishnan R. Nair, Ph.D,

Scientist EII, Head, LMMD,
Laboratory Medicine & Molecular Diagnostics,
Rajiv Gandhi Centre for Biotechnology, Kerala.

Dr. V.K. Jain,

Prof. & Head,
Department of Respiratory Medicine,
Jaipur, Rajasthan.

Dr (Col) Prabal Deb,

Director,
Lab Operations and Chief Histopathologist,
SRL Limited, Mumbai.

Dr Shiv Kumar Sarin,

Director, Senior Professor and Head,
Department of Hepatology,
Institute of Liver and Biliary Science (ILBS),
New Delhi.

Prof Hitesh D Patel, Ph.D,

Professor,
Department of Chemistry,
Gujarat University,
Gujarat.

REGISTRATION DETAILS

Name of the Delegate_____

REGISTRATION FEES

National Registration

Please Visit Website for updated information in Website: www.infectiousdiseasescongress.com

Registration Type		Early Bird Registration Upto 3rd Sep 2025	Regular Registration Upto 30th Sep 2025	Late Registration upto 11th Oct 2025	Spot Registration Fee	✓
Single	General Category/Faculty/Medical Practitioners / Others	INR 5000	INR 5500	INR 6000	INR 7000	<input type="checkbox"/>
Group		INR 4500	INR 5000	INR 5500	INR 6000	<input type="checkbox"/>
Single	Research Scholars & Post-doctoral fellows	INR 3500	INR 4000	INR 4500	INR 5000	<input type="checkbox"/>
Group		INR 3000	INR 3500	INR 4000	INR 4500	<input type="checkbox"/>
Single	Students (UP & PG)	INR 3000	INR 3500	INR 4000	INR 4500	<input type="checkbox"/>
Group		INR 2500	INR 3000	INR 3500	INR 4000	<input type="checkbox"/>
Single	Industry Participant	INR 10000	INR 11000	INR 12000	INR 13000	<input type="checkbox"/>

SPONSORSHIP & EXHIBITION

The 6th World Congress on Infectious Diseases and Antibiotics 2025 is the largest global event for the healthcare industry, which offers key networking and partnering opportunities, and provides insights and inspiration on major trends affecting the industry. Exhibitors reach high-level executives & influential decision makers who come to the world congress to discover new players in the industry, form partnerships & evaluate emerging technologies.

LECTURE SPONSOR/EXHIBIT: INR 1 Lakh

- 1 full page advertisement in the conference books
- 3X3 Stall in the conference

LUNCH SPONSOR/EXHIBIT: INR 2 LAKH

- 02 Invitations to Inaugural Ceremony
- 1 full page advertisement in the conference books
- Advertisement in the form of standees or posters during the conference
- 3X3 Stall in the conference.

GOLD SPONSOR/EXHIBIT: INR 3 LAKHS

- 02 Invitations to Inaugural Ceremony
- 1 full page advertisement in the conference books
- Advertising material in delegate kit bags
- Advertisement in the form of standees or posters during the conference
- 3X3 Stall in the conference

PLATINUM SPONSOR/EXHIBIT: INR 5 LAKHS

- 02 Invitations to Inaugural Ceremony
- 1 full page advertisement in the conference books
- Advertising material in delegate kit bags
- Advertisement in the form of standees or posters during the conference
- Announcement in the conference during the break
- 3X3 Stall in the conference

MODES OF PAYMENT: By Bank Transfer, DD /Cheques: In case of payment by DD/ Cheques; send DD/ Cheques in favor of:

Name of the Account	BioGenesis Health Cluster
Nature of the Account	Current Account
Account Number	009783800003889
Bank & Branch	Yes Bank, Secunderabad
IFSC CODE	YESB0000097

Please Note: Minimum 3 Registration for Group Registration

All cheques/DD has to be drawn in Favour of "BIOGENESIS HEALTH CLUSTER" payable at "Bangalore" only. In case of Bank Transfer from branch; please make sure that your full name is clearly stated on the bank receipt (Bank Transfer without name will not be processed) To confirm Registration, please send a copy of receipt and registration form by email or courier to office addresses mentioned below.
